

KIF section meeting 7 December 2020

Participants: *Barbro Åsman (chair), Donatella Puglisi, Carol Norberg, Supriya Krishnamurthy*

- Barbro opened the meeting
- Supriya took notes
- Comments on the meeting notes from the previous meeting 2020-10-01
 - (i) NORNDiP – Save the date: 29th Januari 2021 with Angela Saini (<https://www.angelasaini.co.uk/aboutme>) as a speaker.

- A discussion on the web page of the Svenska Fysikersamfundet (<http://www.fysikersamfundet.se/>) with focus on our part of it <http://www.fysikersamfundet.se/sektionen-kvinnor-i-fysik-aktuellt/>
It was pointed out that this is outdated and needs to be worked on. Barbro will start on this over the winter break. Several points to improve were mentioned
 - (i) The start page should be updated, though perhaps keeping the Nordforsk financing bit and maybe also the Facebook link. Donatella suggested that the link for subscribing could also be present here. The old email on the Gender-in-Physics day should be moved to an appropriate place.
 - (ii) The minutes of previous meetings could be still kept but under one of the links on the left of the page.
 - (iii) The information about the board has the wrong years. Should be 2019-2021 with the election coming up next year.
 - (iv) Barbro will read the information present under the 'stadgar' link.
 - (v) The 'Verksamhetsrapport' also needs to be updated and Barbro will send out an updated version.
 - (vi) In the 'networks' section there are several links that do not work. These have to be checked and removed.
 - (vii) A lively discussion was then had about what could be added in the 'Links' section. Suggestions included mentioning interesting books with Carol suggesting adding reviews (by us perhaps?) and links to good talks. The book by Michelle King, Katrine Marçal were also mentioned as well as the book **Invisible Women** and the movie **Hidden Figures** .
 - (viii) More ideas to improve the page are welcome!

- It was decided that we could have about two meetings a term and that a doodle (or a Newdle!) for fixing these dates will be sent out by Barbro

- Barbro closed the meeting. A Merry Christmas to all! And hoping for a Covid-free 2021!
