Protocol from the board meeting, Aug 26, 2008.

Present: Carlos de los Heros, David Milstead , Anders Oskarsson, Torbjörn Sjöstrand, Oxana Smirnova and Niclas Wyllard

Absent: Jan Conrad, Stephen Hwang and Maxim Zabzine

1. Today's agenda was approved.
2. The minutes from the meeting on June 23 were approved.
3. Niclas Wyllard was appointed to verify the minutes.
4. Preparations of the particle days 2008, Stockholm 16-17 October.
 - second reminder about registration and request of talks will go out soon.Special notes so far this year:
 - A contribution from Nordita by Larus Thorlacius
 - H1 is invited to summarize.
 - Christoph Clement will summarize status of ATLAS
 - The invited speaker, Urs Wiedemann, has announced too expensive travel costs. David will try to find cheaper flight for him, preferably below 5K
 - Payments were planned to go directly to an account Stockholm U. The organizers shall make sure that this will not imply deductions like moms or overhead by the university.
5. The LHC start should be advertised by a contribution in "Fysik aktuellt". This is a good way to reach teachers. David volunteered to write something.
6. The next meeting should be scheduled by a doodle poll around week 38 including sept 12.
